SUBJECT: First Class Training

<Please indicate which session you plan to attend>

FirstClass®? NetClassroom? Gann Academy News? Conferences? The GPA invites parents to attend a 1 hour FirstClass® & NetClassroom introduction and hands-on training session with Linda Robinson, Director of Technology. FirstClass® is a communication and collaboration tool used by Gann Academy students, staff and parents. Learn how to log into FirstClass® from your home or office computer and become familiar with navigating FirstClass®. Gann Academy uses NetClassroom to easily share student information between teachers and parents. It enables parents to check their child's grades, attendance, conduct, and schedule, as well as print report cards and transcripts — all conveniently from your home or office.
